The screenshot shows the Lansweeper web console interface. The browser address bar displays 'http://softpedia-pc:81/default'. The interface includes a search bar, a left-hand navigation menu, and several main content panels. The 'Reporting' panel shows 'Win 7 SP1 : 1', 'Not scanned : 6', and 'Space-Saving : 1'. The 'General reports' section highlights a 'High priority' issue: 'Computer: Unauthorized Administrators (1 - 14.29%)'. Other reports include 'Computer: Duplicate SID (0)', 'Disk: No NTFS filesystem (0)', and 'Computer: Description empty (1 - 14.29%)'. The 'Domain overview' table shows data for 'Softpedia' and 'Workgroup'. The 'IP location overview' shows 'Undefined' with a count of 15. The 'Device overview' includes 'Add new device', 'NAS', 'Unknown', and 'Webserver'. The right-hand side features a 'Premium Trial version' notice, 'Scanning configuration', 'Report pages', 'Last scanned' list, and 'Service status' table.
